SUNDY CIVIL BILL

What It Carries for Rivers, Harbors and Public Buildings.

SOLDIERS' HOME AT MARION.

Inspector General Breckinridge's Report on Its Condition—Diplomatic and Consular Appropriation Bill Passed by the Senate—Time Set for a Final Vote on the Immigration Measure.

WASHINGTON, Feb. 12.—The house committee on appropriations yesterday finished the sundry civil appropriation bill for the next fiscal year. The bill carries a total of \$50,664,743. This is \$8,141,068 less than the estimates and \$18,644,198 more than the appropriations for the current year; \$17,529,053 of the appropriations is for carrying out river and harbor contracts, and \$4,072,705 for public buildings.

The large sums for harbor works contracted for by the secretary of war include Philadelphia harbor, for removal of Smith's windmill and petty islands and shoals, \$694,000; Galveston, \$500,000; the Hudson river, \$500,000; improvement of channel connecting the great lakes between Chicago, Duluth and Buffalo, \$1,090,000; Humboldt bay, Cal., \$400,000; Savannah, \$400,000; Cumberland Sound, Ga., and Florida, \$400,000; Boston, \$400,000; Buffalo, \$500,000; Dunkirk, N. Y., \$308,000; Delaware bay, Del., \$450,000; Winaway bay, S. C., \$400,000; Sabine Pass, Tex., \$400,000; Cleveland, \$400,000; Milwaukee, \$185,000; Duluth and Superior, \$500,000; Grap's harbor, Washington, \$400,000. The total appropriated for river improvements is \$8,560,568.

SOLDIERS' HOME.

Condition of the Marion (Ind.) National Branch Is Good.

WASHINGTON, Feb. 12.—Inspector General Breckinridge's report to congress on his visit to the branch of the National Soldiers' Home at Marion says: "The men at inspection presented an excellent appearance and seemed well disciplined; there has been a decrease of 172 in the number tried for breach of discipline; the death rate for the past year was only 45.35 per cent per 1,000.

"The administration of the home is excellent. It has on hand in cash \$35,618.14, of which \$34,506.35 was on deposit in bank. The improvements completed last year were two additional barracks, a new dining hall and standpipe at a cost of \$74,726.76. The new improvements ordered and now underway will cost \$74,800. The average number of inmates in the home the past year was 1,422, an increase of 218 over the preceding year. The losses in the number of inmates sustained by the home were as follows: Discharged, 290; transferred, 188; by death, 81; to insane asylum, 11."

CONGRESS.

Appropriation Bills Passed by the Senate and House.

WASHINGTON, Feb. 12.—The senate yesterday passed the diplomatic and consular appropriation bill and fixed next Wednesday as the time for a final vote on the immigration conference report. These were the only features of the open session which were cut short early in the day by the executive session on the arbitration treaty. The diplomatic and consular bill, as passed, carries \$1,645,308, a slight increase on minor items on the house bill. Bills fixing the time and place for federal trials in Oklahoma territory and providing for the retirement of enlisted men of the army and navy after 40 years continuous service at three-quarters pay were passed. The senate then went into executive session.

The house yesterday passed the fortifications appropriation bill with but a single amendment and made some headway with the postoffice appropriation bill.

Pacific Railroads.

WASHINGTON, Feb. 12.—Representative Harrison of Alabama yesterday made a report to the house from the committee on Pacific railroads on the bill for the settlement of the affairs of the Pacific roads by a commission. Mr. Harrison says it is impossible to place the questions involved, with all their technical details, before congress in such a manner that intelligent action can be taken.

Export Trade.

WASHINGTON, Feb. 12.—According to tables of the bureau of statistics the total exports of domestic products during the seven months ending Jan. 31, last, amounted to \$344,849,611, against \$381,696,715 for the corresponding period in the preceding year. Broadstuffs amounted to \$121,938,745; cotton, \$109,406,006; mineral oils, \$57,223,217; and provisions, \$75,806,908.

Final Reception.

WASHINGTON, Feb. 12.—President and

CHICAGO, Feb. 12.—President Gata of the Illinois Steel company left hurriedly for Pittsburgh last night, bent, it is declared, upon making peace with the Carnegie interests.

CHARLESTON BLOCKADE.

No Fugitive Craft Has So Far Attempted to Run the Gauntlet.

CHARLESTON, S. C., Feb. 12.—The weather yesterday was not propitious for the vessels of the blockade fleet, though it suited admirably the purposes of a blockade runner. No fugitive, however, attempted to run the gauntlet of the fleet guarding the entrance to the harbor, and the big ships lay at anchor in the rain unable to engage in target or rowing practice as has been the daily custom of the men aboard the ships.

The arrival of the other vessels which

BATTLESHIP MAINE.

have been ordered to join the fleet is being looked forward to with eagerness. Particularly so the dynamite cruiser Vesuvius, which is to run the blockade.

The monitor Amphitrite came up to the city at noon and took a position in the stream off the customhouse. Last night work on board the fleet consisted of searchlight drills and target practice. The battleship Maine and the cruisers New York, Columbia and Marblehead took part in the drills. The searchlights were flashed across the sea and every nook and cranny of the surrounding shore was explored by the searchers. The target practice was with the 8-inch and the 4-inch guns.

First Sergeant Wagner and Private Hardin and Seaman, who were hurt on board the battleship Maine by the premature explosion of a 1-pound cartridge on a secondary battery are all right. Wagner's hand is not so badly lacerated as was reported. Hardin's and Seaman's injuries consist only of flesh wounds and in a few days they will be about their duties as if nothing had happened to them. Who is responsible for the accident will be learned in a few days, as an investigation has been ordered. The injured men from the Marblehead, who were sent to the Marine hospital, are all doing well.

Arrangements were concluded today for a grand ball to be tendered the officials of the navy and the officers of the squadron on the 19th. The ball will be one of the most brilliant social affairs ever held in Charleston.

POSTMASTER GENERAL WILSON.

Elected President of the Washington and Lee University.

LEXINGTON, Ky., Feb. 12.—The board of trustees of Washington and Lee University yesterday unanimously elected Hon. William L. Wilson, postmaster general, president of the university, in place of General G. W. C. Lee, who recently resigned. It is well understood that Mr. Wilson will accept the position, and will enter upon the duties of his office on July 1.

A Washington dispatch says Postmaster General Wilson received a personal dispatch from Lexington, Ky., last night announcing his election to the presidency of the Washington and Lee University. He has not yet received official notification of his selection, pending which he declines to state whether he will or will not accept the offer.

Called on McKinley.

CANTON, O., Feb. 12.—Colonel John Brigham of Delta, this state, who is very likely to be assistant secretary of agriculture, arrived here last night and called at the McKinley home. He said he had not been formally offered the position of first assistant secretary of agriculture, but the friends who had urged him for the cabinet are now urging his appointment to second place. He intimated that he was willing to accept. Colonel Brigham is national president of the National Grange.

Negro Conference.

TUSKEGEE, Ala., Feb. 12.—The sixth annual negro conference will be held here Feb. 24. The following day there will be a workers' conference composed of representatives from the different religious organizations and institutions in the south devoted to the interests of the race. In other years about 30 institutions have been represented. It is expected that the representation will be larger this year.

Joe Shelby's Condition.

ADRIAN, Mo., Feb. 12.—A messenger who arrived at 9 o'clock from the home of General Joe Shelby reports the general's condition as almost hopeless. He remains unconscious and is gradually growing weaker.

Weather.

Ohio—Snow, probably turning to rain; slightly warmer in the northern portion. Indiana—Clearing. Illinois—Clearing; slightly colder.

VICTORY FOR CUBANS

Weyler's Forces Ambushed While Marching on a Hospital.

SPANIARDS ARE BADLY WHIPPED.

Patriots Caught the Dons on a Hillside.

The Spanish Loss Was Three Hundred Killed and Seventy-Five Being Taken Prisoners—Cubans Said to Have Been Two Thousand Strong.

KEY WEST, Feb. 12.—News has been received in Havana that one of Weyler's vanguards, consisting of 500 men, was defeated by about the same number of patriots under Colonel Parci of Garcia's army, near Remedios. The Spanish forces had been sent forward to explore and incidentally to capture a Cuban hospital said to be on Mount Calvas, south of Remedios. The column marched to near the place and then attempted to surprise it at night. General Garcia had been informed of the Spanish approach and had forwarded reinforcements.

As the Spanish troops marched up the steep hillside paths leading to the hospitals, Parci's men opened fire on them with rifles and a small field piece.

Threw Hand Grenades.

Others of his command who had mounted the overhanging rocks flung down hand grenades and packages of powder and bullets made into improvised hand grenades. The Spaniards surprised in the narrow pathways, attempted to reply, but they had to shoot by guess. The patriots throw down lighted pine knots and burning wisps of grass upon the Spanish column, giving ample light to aim with accuracy.

The Spanish force stood the fire for 15 or 20 minutes and then attempted a retreat, but another body of patriots had gone around, and they now began firing into the rear of the Spanish force. This completed the rout. The Spanish soldiers, by a desperate effort, forced their way through this last party and managed to get off clear.

Spaniards Badly Wounded.

After half an hour's running fight the Spanish commander retreated to Remedios. He himself was wounded and he acknowledged a loss of 75 men. He declared the insurgents were 2,000 strong. Cuban reports state that the Spanish lost over 300 men, 75 being prisoners, and that the Cuban loss was not over 35. Parci notified Weyler that he would exchange his prisoners for an equal number of Cuban prisoners, and that if any Cubans are killed he would retaliate on the soldiers captured.

SWINDLERS CONVICTED.

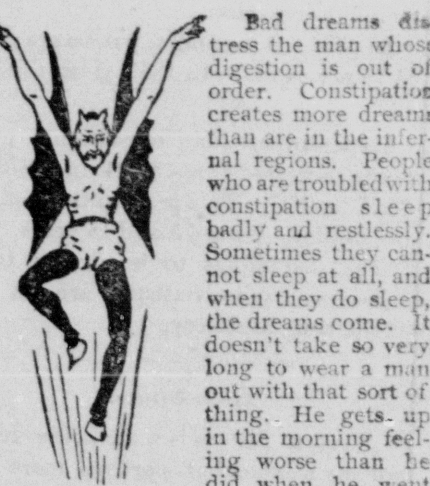

Agents of an Organized Syndicate With Headquarters in New York.

WILKESBAIRE, Pa., Feb. 12.—A. L. Spencer and Thomas Aubrey of Scranton, representing the Phoenix Contract company, were convicted yesterday of conspiracy in having obtained from C. W. Koons of Andover \$10,000 worth of goods, which they afterward disposed of at one-half their face value and divided the money between them.

The defendants, it was alleged in the indictment found against them, were agents of an organized syndicate with headquarters in New York, but operated at various points throughout the United States. It was claimed that they flooded \$2,000,000 worth of stocks and bonds, but in reality they had but a few hundred dollars capital.

Kentucky Toll Roads.

NICHOLSONVILLE, Ky., Feb. 12.—The commission appointed to appraise the Lexington and Danville turnpikes through Garrard county, where free turnpikes have been voted, have made a report. The price agreed upon is \$2,000 per mile, including a half interest in the bridges which span the Kentucky and Dix rivers. It is reliably stated that this is much greater than Garrard county is willing to pay. The controlling interest in the road is held by the state. Raiders will probably take a hand in the matter as they have already notified the county judge that the road must be free.

Bad dreams distress the man whose digestion is out of order. Constipation creates more dreams than are in the infernal regions. People who are troubled with constipation sleep badly and restlessly. Sometimes they cannot sleep at all, and when they do sleep, the dreams come. It doesn't take so very long to wear a man out with that sort of thing. He gets up in the morning feeling worse than he did when he went to bed. He is listless and without energy. The chances are he is dizzy, has "heart burn," palpitation, sees black spots before his eyes, has headache and is bilious. What nonsense it is to let a condition of that sort continue. Nine-tenths of all the sickness in the world comes from constipation and neglect of it. It is a simple thing to cure if you go about it right. It's a bad thing and a serious thing if you don't take the right medicine. Dr. Pierce's Pleasant Pellets are designed for the cure of constipation. The "Pellets" are tiny, sugar-coated granules. One is a laxative, two a mild cathartic. Everybody who has ever used them has a good word for them. They have prevented more serious illness than any other remedy ever sold. Druggists sell them, and an honest druggist will not try to sell you something else.

Dr. Pierce's Common Sense Medical Adviser is the greatest family doctor book ever published. It explains human physiology and the laws of life and health in plain yet scientific language. It has had a tremendous sale; \$80,000 copies at \$1.50 each, bound in cloth. The present free edition is the same in all respects except that it is bound in strong manilla paper covers. A copy will be absolutely given away to anyone who sends 21 one-cent stamps to pay cost of mailing only, to World's Dispensary Medical Association, No. 663 Main Street, Buffalo, N. Y.

First Woman to Cross the Line.

MONTREAL, Feb. 12.—By the death of Gertrude Anastasia Conlee (Sister St. Joseph, at the mother house of the Gray Nuns, St. Boniface, Man.) the first woman to cross the line between the Lake Superior and Hudson Bay basin has passed away. On April 25, 1814, she embarked at Lac Seul, near Montreal, in a bark canoe and in two months reached the site on which Winnipeg is now built, founding there an establishment of her order.

Troops to Prove Massacres.

PARIS, Feb. 12.—Temps prints with a reservation a telegram from Athens giving certain evidence received there tending to show that the Sultan sent his aide de camp to Crete with instructions to the Turkish troops to act in concert with the Mussulmans for the purpose of provoking a massacre before the enforcement of the reforms could be undertaken.

CANNING ASSOCIATIONS.

Bitter Feeling Is Strong Between the Two Organizations.

CINCINNATI, Feb. 12.—The Western Canning association decided to meet next year at Chicago and the Atlantic States association at Buffalo. Neither would consent to meet at the same time and place with the other, and the feeling between the associations has become very bitter. The Association of Machinery and Supplies decided to meet with the Atlantic association at Buffalo and hold an exposition there during the week of the session. The sessions of both organizations were very animated, owing to the recent differences. The delegates of both organizations visited the exposition of machinery and supplies.

Not Listed For Taxation.

LEXINGTON, Ky., Feb. 12.—The board of equalization was surprised to find many valuable houses in the business portion of Lexington exempt from taxation. This property is owned by the banks, having been taken for debt, thus becoming a part of the banks' capital stock.

BOLT WORKS BURNED.

Mystery as to How the Fire Originated. Heavy Loss.

INDIANAPOLIS, Feb. 12.—Fire in the establishment of the Indianapolis bolt and machine works, located at 122 to 126 Kentucky avenue, and at 177 west Georgia street, late yesterday caused a loss of from \$20,000 to \$25,000 on the stock and plant and about \$3,000 or \$4,000 on the building. The plant is owned by J. W. J. H. and J. M. Parkhurst and M. E. McAlpin, who carry on the business under the firm name of Parkhurst Bros. & Co. They succeeded O. R. Olsen & Co., on the death of Mr. Olsen about two years ago. The building is still owned by the Olsen heirs. The fire is supposed to have started in the pattern room on the second floor, but how it could have originated there is a mystery, as no fire was ever kept in this department not even a gas jet.

SOFT COAL COMBINE.

It Will Practically Control the Output of Ohio—Single Sale Agency.

CLEVELAND, Feb. 12.—At a secret meeting held in this city Wednesday there was consummated an agreement that will practically control the soft coal product of the state. It was a session of representatives of the Ohio Soft Coal association and the railroads in the association territory. It was decided to establish a single sales agency for all of the Ohio bituminous coal products. Then there was a discussion of the per centage of the traffic to be handled by each of the lines. The details of that arrangement were not completed, but they will be, it is expected, at a meeting to be held in Chicago next Tuesday.

MURDERER DUESTROW.

Supreme Court on Banc Overrules His Motion—Appeal to the Governor.

JEFFERSON CITY, Mo., Feb. 12.—The supreme court on banc has overruled the motion filed Tuesday by Duestrow's attorneys for an order on division No. 2 of the supreme court to compel the transfer of the case to court on banc. Application will be made by Duestrow's attorneys to Governor Stephens for a respite for Duestrow until they can apply to the supreme court of the United States for a writ of error. Unless Governor Stephens grants a respite Duestrow must hang next Tuesday.

KILLED HIS FATHER.

Eighteen-Year-Old Boy Guilty of a Cold Blooded Murder.

BARBOURVILLE, Ky., Feb. 12.—Aaron Acelinger, age 18, shot and killed his father, Richard Acelinger at Lavelle, a few miles from this place, yesterday. The boy had a pistol, and the father demanded that he surrender it. The boy angrily exclaimed: "I'll give you this much of it," and fired a bullet through his father's head.

Will Meet in Stripes.

COLUMBUS, O., Feb. 12.—When John Vann, an Indian convict from the Indian territory, was asked for the address of his nearest relative he gave that of his sister, Susie Springwater, who is also doing time in the penitentiary for selling liquor without the proper government sanction. Susie was brought in about six weeks ago and her brother last week. She does not yet know that her brother is here.

Want Lower Freight Rates.

FREEMONT, Ill., Feb. 12.—The most important feature of the closing session of the Farmers' institute here was the adoption of a resolution for lower freight rates. The resolution sets out that freight rates on the railroads of the state were established before the present depressed condition existed, and the railroads and warehouse men are requested to revise rates on stock and grain to meet existing conditions.

Offered Ample Satisfaction.

BERLIN, Feb. 12.—The Nord Dutsch Allgem. Zeitung (semi-official) announces that Siam has offered ample satisfaction as a result of the insult to the German representative at Bangkok. The official primarily concerned in the trouble has been dismissed and the chief of police has been replaced.

Threatens to Become General.

PHILADELPHIA, Feb. 12.—The strike originated by the finishers employed by McNeely & Co. money manufacturers, last week, has spread among the workers in other factories and now threatens to become general among the finishers, or machine boys as they are termed. Over 500 are now out.

Killed in Presence of Her Lover.

PEKIN, Ill., Feb. 12.—Miss Louise Schuttler, a young lady of Pekin, was found to pieces under a Chicago, Peoria and St. Louis switchengine here. She was engaged to be married and was killed within sight of her intended husband from whom she had just parted.

Train Robber's Booty.

LITCHFIELD, Ill., Feb. 12.—The case of the Wells-Fargo Express company against Zink & Kinder, a law firm of this city, to recover \$300,000, money that was thrown away in train robber Bell when arrested near this place last spring, has been decided in favor of the Express company.

Heart Disease Cured.

When a well known minister after suffering for years with heart disease, is cured, it is not surprising that he should publish the fact for the benefit of others. Rev. J. P. Smith, 1045 Fulton St., Baltimore, Md., writes: "For years I suffered from a severe form of heart disease. I used Dr. Miles' New Heart Cure, and my heart is now in good condition. Recently, other ailments came upon me. There was humming, painful sensations on top and back of my head. Fifteen minutes reading would make me almost wild; there were pulling and drawing sensations in my legs all the time, so that I could not sit still. In this condition I began taking Dr. Miles' Restorative and its effect was simply wonderful. Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants. DR. ABRAHAM LINCOLN.

Eighty eight years ago today was born "the first American," Abraham Lincoln. While the years roll on his influence will be felt for good in this and other lands. He was a great leader, so powerful that he feared not the rivalry of the greatest men of his time. He drew about him the strongest men of his party and used their strength for the ends he believed right. In no sense was he a demagogue. He never posed as the friend of the common people, yet the plainest man knew he had no truer friend than "Honest Abe." He was not a man of policy. He stood firmly and always for what he believed to be right, trusting to the good sense of the people to vindicate his course and his confidence was not misplaced. He did not attempt to array one class against another, but held always that the mutual dependence of one class upon another, of the rich and poor, of one section upon another was essential to the highest welfare of the whole people. His unwavering faith in the plain people was the source of his great strength and much of his power as a leader came from his close association and intimate knowledge of the people.

A GOOD SHOWING.

The summary of the receipts and expenditures of the city of Seymour the past two years and a half as published in another column speak well for the present city administration. Not only is a cash balance of over five thousand dollars shown, but a very great reduction of the bonded debt of the city. The sale of bonds and interest during this time has amounted to \$35,837.99, while the bonds redeemed amount to \$49,500.00, a difference of \$13,662.01. A careful examination of each of the items in this summary shows that the money of the people has been economically expended during the present administration. There has been no extravagance or waste of money. The affairs of our growing city in the state has been more carefully managed than the affairs of Seymour.

The remonstrance and petition from those opposed to the street improvement will be carefully considered by the improvement committee and a complete report on the same made to the council.

Those members of the council who pretended to be so anxious to have all the names on the long petition read last night in open council were not very consistent. When Burley moved to reconsider the vote which referred it to the improvement committee not one of those who wanted it all read a few minutes before would even second the motion.

THE PRISON SOUTH.

Yesterday the legislative committee on visiting the prison south made its report which commends the management of Warden Hert and his assistants very highly. Our prison south has attracted a great deal of praise from all parts of the state and country and the reports show that this praise has not been unwarranted. The report says: "We find that the introduction of the 'grade system,' in reference to prisoners confined, has had a wonderful effect upon the behavior and general conduct of the prisoners, each one seemingly striving to obtain such a standard of good behavior that will entitle him to the good will and opinion of all the management, and we are satisfied that through his practice the record of this prison for good behavior will stand at the head of all institutions of its kind and the management is entitled to all praise for its introduction and enforcement."

"We find that the warden has had in view constantly two objects, namely, the welfare of the prisoners and the interest of the state, and it has been his highest duty to obtain both of these objects. We find that it has been his constant study to make improvements in his management of the prison, and as a result of his unceasing labors and cares, he has attained for the prison standing we can well feel proud of, and incurred the good will and respect of all prisoners under sentence. No one visiting the southern prison can help but notice the habits of industry and cleanliness being taught the inmates. * * * We can not too highly commend the southern prison for its immaculate administration and the care with which all things are taken into consideration. The convicts all feel that in the warden and deputy warden they have a true friend, and that they do not have to grovel in the dirt of the past, but are taught to look into the future to which the warden is working everything in his power for their betterment. They are made to feel that while the mistakes in life are many and at times degrading and ruinous, the future holds of them a place among the honest intelligent men, careers of usefulness and respect and good citizenship."

"If any prisoner receives special privileges from Warden Hert it is because he has earned them, and not on account of any favoritism whatever. We anticipate for this prison a standard not equaled in any other state. The spirit of success is not only in the minds of the administration, but in the hearts of all confined there. The board of directors made no mistake in selecting Mr. A. T. Hert for this responsible position and we wish to commend them."

Beware of Ointments for Catarrh that Contain No Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

SOME FIGURES

TAKEN FROM UNCLE SAM'S LATEST STATISTICS.

Facts Showing How Various Government Affairs Affect Each of Us.

In 1896 the population, according to the abstract, reached 71,263,000. The amount of money of the United States was \$32.86 per each person, man, woman or child. Of this, the per capita, in circulation was \$21.10. These are the official figures of the Treasury. The per capita amount of money in 1857 was \$20.11, and the circulation was \$18.28.

The national debt is now \$13.41 for each individual. In 1867 it was \$69.26. The present per capita is not the lowest. In 1893 the debt was \$12.56. The interest on this public debt is now 49c. per capita. In 1867 it was \$3.84.

The receipts of the government from the tariff, the taxes on whisky, beer and tobacco, and from all sources are now \$4.59 annually for each person. In 1867 they were \$13.55. When people talk about "war taxes" they have in mind the revenue that had to be raised in the 60s.

The expenditures of the government last year were \$4.94 per individual. In 1867 they were \$9.87. The change has been gradual, nearly every year showing a reduction from its predecessor, until the 90s are reached. Expenditures in the past eight years have increased much faster than the population.

Pensions to old soldiers cost only 51c per capita in 1867. The amount was \$1.96 in 1896.

The production of gold and silver per capita by the United States for 1896 has not been worked out. For 1895 it was 67c of gold and \$1.03 of silver. In 1867 the per capita production of these metals in this country was \$1.43 gold and 37c silver. In 1874 the silver production first exceeded gold. For several years afterwards there were fluctuations in the comparative production. Sometimes gold was ahead; sometimes silver had the best of it. Since 1879 there has been no year in which the value of the silver production did not exceed the gold, although the bullion value of the silver dropped from 93 2c in 1878 to 50.6c in 1895.

The whisky and tobacco taxes are now \$2.06 per capita. In 1867 they were \$7.34.

The duties collected on imports—that is to say, the tariff taxes—are now \$2.20 per person. They were \$4.85 in 1867. Per capita enters into a comparison of the McKinley and the Wilson tariff rather interestingly. In 1892 the per capita tariff collected was \$2.66. That was the first year of the McKinley law. In 1893 the per capita was \$2.97. In 1894, partly under the McKinley and partly under the Wilson law, it was \$2.14 and in 1896; it was \$2.20.

The products sold by the United States to other countries in 1896 realized \$12.11 per person, and in 1867 they brought \$7.73.

The 71,263,000 people of the United States consumed per capita last year 18.46 pounds of cotton, 4.78 bushels of wheat, 14.73 bushels of corn, 62 pounds of sugar, 8.04 pounds of coffee, 1.31 pounds of tea, 1 gallon of whisky, 15.16 gallons of beer, one-fourth of a gallon of wine.

The consumption of whisky per person last year was less than in any year since a record has been kept—1870. The consumption of beer per capita was three times what it was in 1867. Up to 1880 the people of this country drank less than ten gallons of beer apiece annually.

The people eat less corn and more wheat than they did thirty years ago. They consume nearly three times as much sugar and 50 per cent more coffee. The consumption of sugar was only 24 pounds in 1867. The increase was steady up to 1894, when it reached 66 pounds per person.

In 1896 the post office patronage was \$1.16 per capita. In 1867 it was only 42c.

Expenditures for educational purposes increased from \$5.24 in 1870 to \$8.77 in 1895. This per capita is on the population between 5 and 18 years.

The deductions to be drawn from these per capita statistics are, in the main, congratulatory.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters, 50c and \$1.00 per bottle at W. F. Peter's drug store.

AN OPEN LETTER.

What Mrs. I. E. Bressie Says to American Women.

Speaks of Her Melancholy Condition After the Birth of Her Child.

"I feel as if I was doing an injustice to my suffering sisters if I did not tell what Lydia E. Pinkham's Vegetable Compound has done for me, and its worth to the world."

"From the birth of my child until he was four years old, I was in poor health, but feeling convinced that half of the ailments of women were imagined or else cultivated, I fought against my bad feelings, until I was obliged to give up. My disease baffled the best doctors."

"I was nervous, hysterical; my head ached with such a terrible burning sensation on the top, and felt as if a band was drawn tightly above my brow; inflammation of the stomach, no appetite, nausea at the sight of food, indigestion, constipation, bladder and kidney troubles, palpitation of the heart, attacks of melancholia would occur without any provocation whatever, numbness of the limbs, threatening paralysis, and loss of memory to such an extent that I feared aberration of the mind."

"A friend advised Lydia E. Pinkham's Vegetable Compound, and spoke in glowing terms of what it had done for her."

"I began its use and gained rapidly. Now I am a living advertisement of its merits. I had not used it a year when I was the envy of the whole town, for my rosy, dimpled, girlish looks and perfect health."

"I recommend it to all women. I find a great advantage in being able to say, it is by a woman's hands this great boon is given to women. All honor to the name of Lydia E. Pinkham; wide success to the Vegetable Compound."

"Yours in Health, Mrs. I. E. BRESSIE, Herculaneum, Jefferson Co., Mo."

The Mystery of the Pearl.

The usual source of pearls found within the oyster appears to be the intrusion of some small foreign body which sets up an irritation of tissue. The only means of defense open to the mollusk is to deposit a layer of nacre around the irritating particle and thus cut it off from the soft, tender skin. A grain of sand or a small crustacean may slip in between the lips, and, setting up irritation, provoke the oyster to deposit around it a series of thin films of nacre. These are added to from time to time, the little nucleus is completely encysted and a pearl is the result.—Ladies' Home Journal.

A GOOD LETTER

From the Clerk of the Circuit Court.

FERNANDINA, Fla., Feb. 28, 1896.

Mr. J. GEORGE SCHUBER, Druggist, City.

Dear George.—Please send for a bottle of Chamberlain's Cough Remedy. I would not feel easy if I knew there was none of this valuable Remedy in the house. I have given it a fair test and consider it one of the very best remedies for croup that I have ever found. One dose has always been sufficient although I use it freely. Any cold my children contract yields very readily to this medicine. I can conscientiously recommend it for croup and colds in children.

Yours Respectfully, GEO. E. WOLFE.

Sold by C. W. Milhouse, Druggist.

Not in the Fur, But in the Train Service. Is where you'll find the difference if you go to the inauguration over the Pennsylvania Short Lines. Low rate tickets on sale March 1st, 2d and 3d. For details apply to nearest Pennsylvania line ticket agent, or address Geo. E. Rockwell, D. P. Agt., Indianapolis, Ind.

SENATE AND HOUSE

Little Accomplished in the Way of Definite Legislation.

TO ABOLISH COLORED SCHOOLS.

Jones' Bill to Open the Public Schools to White and Colored Children Alike Passed Second Reading—The Senate Passed the Bill Regulating Mines. Hiram Brownlee Appointed Judge.

INDIANAPOLIS, Feb. 12.—The house Thursday passed the House labor arbitration bill, a couple of bills paying paving claims and a couple of bills changing courts. Its afternoon was occupied with an exciting discussion on the color line and it adjourned with the Jones bill to abolish colored schools and open white schools to colored children pending on third reading.

The senate defeated the bill providing for a "probation officer" in each county, the pure drug bill and two minor road bills. It passed the following bills: Providing for alumnal representation upon the boards of trustees for state educational institutions; requiring mine bosses, bank bosses and hoisting engineers to have certificates of competency from the state mine inspector; changing the practice of disposing of real estate in cases on voluntary assignment.

ARBITRATION LAW.

Bill Which Seeks to Prevent Strikes and Adjust Labor Troubles.

INDIANAPOLIS, Feb. 12.—The House labor arbitration bill passed the house Thursday by the heavy vote of 92 to 1. It provides for the appointment of two commissioners, who shall endeavor to conciliate all labor disputes. Where a labor dispute exists the commissioners are required to endeavor to get the parties to the dispute to submit it to arbitration. Then the commissioners and a circuit judge form a board of arbitration and adjudicate the difficulty. The bill involves an expense of \$600 per year for a clerk and \$10 per day for the commissioners when actually engaged in arbitration. Its main features are:

1. That the arbitration is voluntary. No one is compelled to go into it against his free will.

2. That while the judge of the circuit court is the presiding member of the board and directs the proceedings and decides on legal questions of practice and the admissibility of evidence, he has no more voice in the decision than any other arbitrator. His vote counts one, the same as the others.

3. But when the decision of the arbitrators have been made and recorded and any party to it refuses to obey it, the power of the court may be invoked to compel obedience.

4. This, however, is after notice to the party, and opportunity to give his reason. If he has any, why he ought not to be required to obey the award. He is not in contempt of court until he has been heard, and his objections to the award have been overruled and he has disobeyed the order of the court based on the award.

5. If the parties refuse to arbitrate, the commissioners, with the aid of the attorney general or his deputy, are to investigate the facts and report to the governor. They are not authorized to pronounce any judgment on the merits of the controversy—only to find out and report the facts. The parties are then left to take their own course.

Brownlee Appointed Judge.

INDIANAPOLIS, Feb. 12.—Governor Mount Thursday signed the bill for a superior court for Howard and Grant counties and appointed Hon. Hiram Brownlee judge of the court.

Chattel Mortgage Sharks.

INDIANAPOLIS, Feb. 12.—The house judiciary committee Thursday decided to report favorably Mr. Spooner's bill directed against chattel mortgage sharks.

GENERAL STATE NEWS.

Juror Offered Money to Hang the Jury in the Crum-Evans Case.

MARION, Ind., Feb. 12.—The trial of John C. Evans and J. W. Crum for swindling Alfred Haines were resumed here yesterday. The case took a sensational turn through the development of evidence tending to show wholesale attempts to corrupt members of the jury discharged. Joseph Kem, who was subpoenaed as one of the special venire, was summoned before the prosecuting attorney and made affidavit that he had been approached by Grief Matthews in the interest of Crum and Evans, and offered \$50 if he would hang the jury. A warrant was issued for the arrest of Matthews.

State Encampment.

RICHMOND, Ind., Feb. 12.—The business men and citizens of Richmond are taking hold of the arrangements for the G. A. R. state encampment in a way to insure its success. A committee of 26 prominent business men, with Mayor Ostrander as chairman, has been appointed which will have charge of the affair, and the veterans will be handsomely entertained.

Knights of Pythias.

LAFORTE, Ind., Feb. 12.—The Knights of Pythias district convention of Newton, Jasper, Lake and Porter counties was held at Goodland yesterday. Several hundred Pythians were royally entertained. Chancellor Kolb and Frank Bowers of Indianapolis were present.

Violation of the Revenue Law.

HARTFORD CITY, Ind., Feb. 12.—A United States marshal from Fort Wayne came here and placed Adolph Wachner, a prominent saloonkeeper, under arrest for violating the internal revenue laws. The prisoner was taken to Fort Wayne.

Isach on Trial.

BEDFORD, Ind., Feb. 12.—The trial of George Isach, who it is alleged attempted to wreck the Baltimore and Ohio Southwestern train on Nov. 9, last, was begun here yesterday.

A few months ago, Mr. Byron Every, of Woodstock, Mich., was badly afflicted with rheumatism. His right leg was swollen the full length, causing him great suffering. He was advised to try Chamberlain's Pain Balm. The first bottle of it helped him considerably and the second bottle effected a cure. The 25 and 50 cent sizes are for sale by C. W. Milhouse.

Marvelous Results.
From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succeeding lagrippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery it was quick in its work and highly satisfactory in results." Trial bottles free at W. F. Peter's drug store.

AFFLICTED.
[Mrs. J. B. Morrison is no better. Mrs. John Bergdoll is much better. W. E. Hoadley is feeling much better today. Engineer William Murphy is very sick with the grip. Mrs. L. F. Needham's condition is unchanged today. Mrs. Harden Hancock, who has been very sick, is some better. Mrs. A. H. Hoover is better and able to sit up part of the time. Charles Ried and wife, east of Reddington, are very sick with the grip. Mrs. F. H. Clark, of Washington, is a little better this morning for the first time. Miss Ella Reddinger, who has been very sick, is able to walk about the house again. Mrs. Lula Adams is seriously indisposed at the home of her sister, Mrs. Jerry Anderson. A daughter of William Thompson, of Becks Grove, is dangerously sick with lung trouble. Mrs. J. W. Miller, who has been a severe sufferer with cancer is in a critical condition. Mrs. M. C. Carpenter, who has been very sick for some time, is some better, but she is still unable to sit up any. Mrs. David Easter, east of Reddington, is a great sufferer from the effects of a fall she received a few days ago. Mrs. Lena Whistler, of Hayden, who has been confined to her bed for the past seven months, is growing weaker. Miss Rebecca Busby is very sick with infirmity at the home of her sister, Laura, on the corner of Seventh and Mills streets. Marion Hatton, a good farmer west of Ewing, brought his seventeen year old daughter to Dr. Stader this morning for eye treatment. Mrs. Columbus Collins, near Dudleytown, and who has been very sick for a year with cancer of the breast, is growing weaker, and her death is only a matter of short time.

Snowballed and Abused.
George W. Wirt complains that as he came into the city this morning from Brown county a lot of boys on the high school grounds began snowballing him and calling him ugly names. He did not know who the boys were, but such actions should be strongly condemned.

RAILROAD RUMBLINGS

The library entertainment promises to be the greatest success of any public benefit for years. Canvassers are having great success in selling coupons. Such an entertainment as the one promised—a play which contains all the essentials necessary to an evening's enjoyment cannot be too well appreciated and encouraged by the public. It teaches all natures and dispositions; if you are humorous, come and laugh with the Dutch and Irish comedians, 'Hans' and 'Dennis'; if you have a kindly feeling for the unfortunate, come and sympathize with the rejected daughter, the broken-hearted wife, the fallen cashier; if you like tragedy, come and witness the exciting death of Col. Wilbur. All these effects will be presented by home people and the talent represented, we have no doubt that it will be done successfully. Show your appreciation of their efforts, your interest in the library, your desire for a good entertainment by your patronage and early purchase of coupons from the canvassers.

The report was accepted and made a part of the clerk's record. Goodbye of the fire committee said that the matter of exemption of members of department from payment of city taxes had been investigated and no irregularity was found unless in the case of Zimmerman whom he believed was entitled to exemption. A motion to exempt him and Jacob Frey prevailed. Schwing of the grade committee reported progress in the matter of selling fire engines. Committee granted power to put engines in condition to sell. City attorney Montgomery reported that he had examined the bill before the legislature granting powers to cities to purchase water works. He found some serious objections to the bill and had prepared one less cumbersome, designed to meet such conditions as exist in Seymour. The bill has been introduced in the Senate by Senator Schneek. The treasurer's report for the month ending Jan. 31 was submitted showing a balance on hand of \$5,493.63. The resignation of City Treasurer Reynolds was read and on motion was accepted. Before the vote was taken remarks reflecting credit on Mr. Reynolds were made by Dr. Shields and Mayor Balsley. A remonstrance against the proposed improvement signed by sixty-six property owners along the proposed line of improvement was presented by Charles Miles. He made an earnest appeal to the council not to enter into any contract for expensive improvements at this time. The remonstrance was read, together with the names of those who signed it. Further remarks in behalf of the remonstrators were made by Dr. J. M. Shields, Peter Platter, Dr. V. H. Monroe and Jacob Frey. The remonstrance together with a petition by 200 or 300 citizens was referred to the improvement committee and the city attorney. Claims to the amount of \$239.99 were allowed. The chief of fire department reported the names of firemen in good standing. Burkley handed up the following ordinances: To pave with brick Cincinnati avenue between Chestnut and Ewing streets. To pave Second street between Indianapolis avenue and Ewing street. To pave Chestnut street between Second and Third streets. Each of the four ordinances were read the first time. A resolution was introduced by Goodale authorizing the mayor to appoint a committee to look after matters before the legislature relative to the interest of Seymour. More expenses of committee to be paid by the city. Resolution adopted. Price introduced several resolutions calling for side-walk improvements. On motion of Dr. Shields the city attorney was instructed to draft an ordinance for the improvement of a portion of the sidewalk on the south side of Third street between Ewing and Indianapolis avenue. An ordinance introduced by Thompson prohibiting contests in wrestling and boxing when a fee is charged for admission, or any reward to be given to the winner, and prescribing penalties and declaring an emergency. The rules were suspended and the ordinance passed to second reading and then put on its passage. Adopted by a vote of 8 to 2. Under miscellaneous business the recommendations of Messrs. Blish and Johnson relative to an investigation of tax duplicate in 1894 and 1895 was referred to finance committee with power to act. T. S. Blish and H. C. Johnson were allowed \$75 each for auditing the books, papers and accounts of city treasurer. Most of the councilmen asked for some improvements of foot crossings and sidewalks, which the street commissioner was directed to do. Council adjourned to meet to night in special session to select a city treasurer to succeed W. G. Reynolds, resigned.

SUNDY CIVIL BILL

What It Carries for Rivers, Harbors and Public Buildings.

SOLDIERS' HOME AT MARION.

Inspector General Breckinridge's Report on Its Condition—Diplomatic and Consular Appropriation Bill Passed by the Senate—Time Set for a Final Vote on the Immigration Measure.

WASHINGTON, Feb. 12.—The house committee on appropriations yesterday finished the sundry civil appropriation bill for the next fiscal year. The bill carries a total of \$50,664,743. This is \$8,141,068 less than the estimates and \$18,644,190 more than the appropriations for the current year; \$17,529,053 of the appropriations is for carrying out river and harbor contracts, and \$4,073,705 for public buildings.

The large sums for harbor works contracted for by the secretary of war include Philadelphia harbor, for removal of Smith's windmill and petty islands and shoals, \$694,000; Galveston, \$500,000; the Hudson river, \$500,000; improvement of channel connecting the great lakes between Chicago, Duluth and Buffalo, \$1,090,000; Humboldt bay, Cal., \$400,000; Savannah, \$400,000; Cumberland Sound, Ga., and Florida, \$400,000; Boston, \$400,000; Buffalo, \$500,000; Dunkirk, N. Y., \$398,000; Delaware bay, Del., \$450,000; Winyaw bay, S. C., \$400,000; Sabine Pass, Tex., \$400,000; Cleveland, \$400,000; Milwaukee, \$168,000; Duluth and Superior, \$500,000; Grap's harbor, Washington, \$400,000. The total appropriated for river improvements is \$5,850,966.

SOLDIERS' HOME.

Condition of the Marion (Ind.) National Branch Is Good.

WASHINGTON, Feb. 12.—Inspector General Breckinridge's report to congress on his visit to the branch of the National Soldiers' Home at Marion says: "The men at inspection presented an excellent appearance and seemed well disciplined; there has been a decrease of 172 in the number tried for breach of discipline; the death rate for the past year was only 45.35 per cent per 1,000."

"The administration of the home is excellent. It has on hand in cash \$35,618.14, of which \$34,506.25 was on deposit in bank. The improvements completed last year were two additional barracks, a new dining hall and standpipe at a cost of \$74,972.75. The new improvements ordered and now underway will cost \$74,800. The average number of inmates in the home the past year was 1,422, an increase of 218 over the preceding year. The losses in the number of inmates sustained by the home were as follows: Discharged, 289; transferred, 188; by death, 81; to insane asylum, 11."

CONGRESS.

Appropriation Bills Passed by the Senate and House.

WASHINGTON, Feb. 12.—The senate yesterday passed the diplomatic and consular appropriation bill and fixed next Wednesday as the time for a final vote on the immigration conference report. These were the only features of the open session which were cut short early in the day by the executive session on the arbitration treaty. The diplomatic and consular bill, as passed, carries \$1,645,308, a slight increase on minor items on the house bill. Bills fixing the time and place for federal trials in Oklahoma territory and providing for the retirement of enlisted men of the army and navy after 40 years continuous service at three-quarters pay were passed. The senate then went into executive session.

The house yesterday passed the fortifications appropriation bill with but a single amendment and made some headway with the postoffice appropriation bill.

Pacific Railroads.

WASHINGTON, Feb. 12.—Representative Harrison of Alabama yesterday made a report to the house from the committee on Pacific railroads on the bill for the settlement of the affairs of the Pacific roads by a commission. Mr. Harrison says it is impossible to place the questions involved, with all their technical details, before congress in such a manner that intelligent action can be taken.

Export Trade.

WASHINGTON, Feb. 12.—According to tables of the bureau of statistics the total exports of domestic products during the seven months ending Jan. 31, last, amounted to \$344,849,611, against \$331,696,715 for the corresponding period in the preceding year. Broadstuffs amounted to \$121,938,745; cotton, \$169,456,005; mineral oils, \$37,223,217; and provisions, \$75,806,908.

Final Reception.

WASHINGTON, Feb. 12.—President and

CHARLESTON BLOCKADE.

No Fugitive Craft Has So Far Attempted to Run the Gauntlet.

CHARLESTON, S. C., Feb. 12.—The weather yesterday was not propitious for the vessels of the blockade fleet, though it suited admirably the purposes of a blockade runner. No fugitive, however, attempted to run the gauntlet of the fleet guarding the entrance to the harbor, and the big ships lay at anchor in the rain unable to engage in target or rowing practice as has been the daily custom of the men aboard the ships.

The arrival of the other vessels which

BATTLESHIP MAINE.

have been ordered to join the fleet is being looked forward to with eagerness. Particularly so the dynamite cruiser Vesuvius, which is to run the blockade.

The monitor Amphitrite came up to the city at noon and took a position in the stream off the customhouse. Last night work on board the fleet consisted of searchlight drills and target practice. The battleship Maine and the cruisers New York, Columbia and Marblehead took part in the drills. The searchlights were flashed across the sea and every nook and cranny of the surrounding shore was explored by the searchers. The target practice was with the 8-inch and the 4-inch guns.

First Sergeant Wagner and Private Hardin and Seaman, who were hurt on board the battleship Maine by the premature explosion of a 12-mm. cartridge on a secondary battery are all right. Wagner's hand is not so badly lacerated as was reported. Hardin's and Seaman's injuries consist only of flesh wounds and in a few days they will be about their duties as if nothing had happened to them. Who is responsible for the accident will be learned in a few days, as an investigation has been ordered. The injured men from the Marblehead, who were sent to the Marine hospital, are all doing well.

Arrangements were concluded today for a grand ball to be tendered the officials of the navy and the officers of the squadron on the 19th. The ball will be one of the most brilliant social affairs ever held in Charleston.

POSTMASTER GENERAL WILSON.

Elected President of the Washington and Lee University.

LEXINGTON, Ky., Feb. 12.—The board of trustees of Washington and Lee University yesterday unanimously elected Hon. William L. Wilson, postmaster general, president of the university, in place of General G. W. C. Lee, who recently resigned. It is well understood that Mr. Wilson will accept the position, and will enter upon the duties of his office on July 1.

A Washington dispatch says Postmaster General Wilson received a personal dispatch from Lexington, Ky., last night announcing his election to the presidency of the Washington and Lee University. He has not yet received official notification of his selection, pending which he declines to state whether he will or will not accept the offer.

Called on McKinley.

CANTON, O., Feb. 12.—Colonel John Brigham of Delta, this state, who is very likely to be assistant secretary of agriculture, arrived here last night and called at the McKinley home. He said he had not been formally offered the position of first assistant secretary of agriculture, but the friends who had urged him for the cabinet are now urging his appointment to second place. He intimated that he was willing to accept. Colonel Brigham is national president of the National Grange.

Negro Conference.

TUSKEGEE, Ala., Feb. 12.—The sixth annual negro conference will be held here Feb. 14. The following day there will be a workers' conference composed of representatives from the different religious organizations and institutions in the south devoted to the interests of the race. In other years about 30 institutions have been represented. It is expected that the representation will be larger this year.

Joe Shelby's Condition.

ADRIAN, Mo., Feb. 12.—A messenger who arrived at 9 o'clock from the home of General Joe Shelby reports the general's condition as almost hopeless. He remains unconscious and is gradually growing weaker.

Weather.

Ohio—Snow, probably turning to rain; slightly warmer in the northern portion.

Indiana—Clearing.

Illinois—Clearing; slightly colder.

VICTORY FOR CUBANS

Weyler's Forces Ambushed While Marching on a Hospital.

SPANIARDS ARE BADLY WHIPPED.

Patriots Caught the Dons on a Hillside

—The Spanish Loss Was Three Hundred Killed and Seventy-Five Being Taken Prisoners—Cubans Said to Have Been Two Thousand Strong.

KEY WEST, Feb. 12.—News has been received in Havana that one of Weyler's vanguards, consisting of 500 men, was defeated by about the same number of patriots under Colonel Parci of Garcia's army, near Remedios. The Spanish forces had been sent forward to explore and incidentally to capture a Cuban hospital said to be on Mount Calvas, south of Remedios. The column marched to near the place and then attempted to surprise it at night. General Garcia had been informed of the Spanish approach and had forwarded reinforcements.

As the Spanish troops marched up the steep hillside paths leading to the hospitals, Parci's men opened fire on them with rifles and a small field piece. Three Hand Grenades.

Others of his command who had mounted the overhanging rocks flung down hand grenades and packages of powder and bullets made into improvised hand grenades. The Spaniards surprised in the narrow pathways, attempted to reply, but they had to shoot by guess. The patriots threw down lighted pine knots and burning wisps of grass upon the Spanish column, giving ample light to aim with accuracy.

The Spanish force stood the fire for 15 or 20 minutes and then attempted a retreat, but another body of patriots had gone around, and they now began firing into the rear of the Spanish forces. This completed the rout. The Spaniards fled, by a desperate effort, forced their way through this last party and managed to get off clear.

Spaniards Badly Wounded.

After half an hour's running fight the Spanish commander retreated to Remedios. He himself was wounded and he acknowledged a loss of 75 men. He declared the insurgents were 2,000 strong.

Cuban reports state that the Spanish lost over 300 men, 75 being prisoners, and that the Cuban loss was not over 35. Parci notified Weyler that he would exchange his prisoners for an equal number of Cuban prisoners, and that if any Cubans are killed he would retaliate on the soldiers captured.

SWINDLERS CONVICTED.

Agents of an Organized Syndicate With Headquarters in New York.

WILKESBARE, Pa., Feb. 12.—A. L. Spencer and Thomas Aubrey of Scranton, representing the Phoenix Contract company, were convicted yesterday of conspiracy in having obtained from C. W. Koons of Anderson \$10,000 worth of goods, which they afterward disposed of at one-half their face value and divided the money between them.

The defendants, it was alleged in the indictment found against them, were agents of an organized syndicate with headquarters in New York, but operated at various points throughout the United States. It was claimed that they floated \$2,000,000 worth of stocks and bonds, but in reality they had but a few hundred dollars capital.

Kentucky Toll Roads.

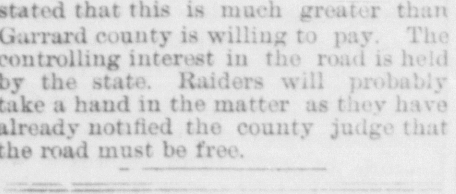

NICHOLSONVILLE, Ky., Feb. 12.—The commission appointed to appraise the Lexington and Danville turnpikes through Garrard county, where free turnpikes have been voted, have made a report. The price agreed upon is \$2,000 per mile, including a half interest in the bridges which span the Kentucky and Dix rivers. It is reliably stated that this is much greater than Garrard county is willing to pay. The controlling interest in the road is held by the state. Raiders will probably take a hand in the matter as they have already notified the county judge that the road must be free.

Bad dreams distress the man whose digestion is out of order.

Constipation creates more dreams than are in the infernal regions. People who are troubled with constipation sleep badly and restlessly. Sometimes they cannot sleep at all, and when they do sleep, the dreams are of a distressing nature. The chances are he is dizzy, has "heart burn," palpitation, sees black spots before his eyes, has headache and is bilious. What nonsense it is to let a condition of that sort continue. Nine-tenths of all the sickness in the world comes from constipation and neglect of it. It is a simple thing to cure if you go about it right. It's a bad thing and a serious thing if you don't take the right medicine. Dr. Pierce's Pleasant Pellets are designed for the cure of constipation. The "Pellets" are tiny, sugar-coated granules. Every body who has ever used them has a good word for them. They have prevented more serious illness than any other remedy ever sold. Druggists sell them, and an honest druggist will not try to sell you something else.

Dr. Pierce's Common Sense Medical Adviser

is the greatest family doctor book ever published. It explains human physiology and the laws of life and health in plain scientific language. It has had a tremendous sale; 650,000 copies at \$1.50 each, bound in cloth. The present free edition is the same in all respects except that it is bound in strong manila paper covers. A copy will be absolutely given away to anyone who sends a one-cent stamp to pay cost of shipping only, to World's Dispensary Medical Association, No. 663 Main Street, Buffalo, N. Y.

First Woman to Cross the Line.

MONTREAL, Feb. 12.—By the death of Gertrude Anastasia Contlee (Sister St. Joseph), at the mother house of the Gray Nuns, St. Boniface, Man., the first woman to cross the line between the Lake Superior and Hudson Bay basin has passed away. On April 25, 1844, she embarked at Lachine, near Montreal, in a bark canoe and in two months reached the site on which Winnipeg is now built, founding there an establishment of her order.

Troops to Provolve Massacres.

PARIS, Feb. 12.—Temps prints with a reservation a telegram from Athens giving certain evidence received there tending to show that the Sultan sent his aide de camp to Crete with instructions to the Turkish troops to act in concert with the Mussulmans for the purpose of provoking a massacre before the enforcement of the reforms could be undertaken.

CANNING ASSOCIATIONS.

Bitter Feeling Is Strong Between the Two Organizations.

CINCINNATI, Feb. 12.—The Western Canning association decided to meet next year at Chicago and the Atlantic States association at Buffalo. Neither would consent to meet at the same time and place with the other, and the feeling between the associations has become very bitter. The Association of Machinery and Supplies decided to meet with the Atlantic association at Buffalo and hold an exposition there during the week of the session. The sessions of both organizations were very animated, owing to the recent differences. The delegates of both organizations visited the exposition of machinery and supplies.

Not Listed For Taxation.

LEXINGTON, Ky., Feb. 12.—The board of equalization was surprised to find many valuable houses in the business portion of Lexington exempt from taxation. This exemption is owned by the banks, having been taken for debt, thus becoming a part of the banks' capital stock.

Heart Disease Cured.

WHEN a well known minister after suffering for years with heart disease, is cured, it is not surprising that he should publish the fact for the benefit of others. Rev. J. P. Smith, 1045 Fulton St., Baltimore, Md., writes: "For years I suffered from a severe form of heart disease. I used Dr. Miles' New Heart Cure, and my heart is now in good condition. Recently, other afflictions came upon me. There was humming, painful sensations on top and back of my head. Fifteen minutes reading would make me almost wild; there were pulling and drawing sensations in my legs all the time, so that I could not sit still. In this condition I began taking Dr. Miles' Restorative. Its effect was simply wonderful. I heartily commend your remedies." Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerve sent free to all applicants.

ABRAHAM LINCOLN.

Eighty eight years ago to day was born "the first American," Abraham Lincoln. While the years roll on his influence will be felt for good in this and other lands. He was a great leader, so powerful that he feared not the rivalry of the greatest men of his time. He drew about him the strongest men of his party and used their strength for the ends he believed right. In no sense was he a demagogue. He never posed as the friend of the common people, yet the plainest man knew he had no truer friend than "Honest Abe." He was not a man of policy. He stood firmly and always for what he believed to be right, trusting to the good sense of the people to vindicate his course and his confidence was not misplaced. He did not attempt to array one class against another, but held always that the mutual dependence of one class upon another, of the rich and poor, of one section upon another was essential to the highest welfare of the whole people. His unwavering faith in the plain people was the source of his great strength and much of his power as leader came from his close association and intimate knowledge of the people.

A GOOD SHOWING.

The summary of the receipts and expenditures of the city of Seymour the past two years and a half as published in another column speak well for the present city administration. Not only is a cash balance of over five thousand dollars shown, but a very great reduction of the bonded debt of the city. The sale of bonds and interest during this time has amounted to \$35,837.99, while the bonds redeemed amount to \$49,500.00, a difference of \$13,662.01. A careful examination of each of the items in this summary shows that the money of the people has been economically expended during the present administration. There has been no extravagance or waste of money. The affairs of no growing city in the state has been more carefully managed than the affairs of Seymour.

The remonstrance and petition from those opposed to the street improvement will be carefully considered by the improvement committee and a complete report on the same made to the council.

Those members of the council who pretended to be so anxious to have all the names on the long petition read last night in open council were not very consistent. When Burley moved to reconsider the vote which referred it to the improvement committee not one of those who wanted it all read a few minutes before would even second the motion.

THE PRISON SOUTH.

Yesterday the legislative committee on visiting the prison south made its report which commends the management of Warden Hert and his assistants very highly. Our prison south has attracted a great deal of praise from all parts of the state and country and the report shows that this praise has not been unwarranted. The report says: "We find that the introduction of the 'grade system,' in reference to prisoners confined, has had a wonderful effect upon the behavior and general conduct of the prisoners, each one seemingly striving to obtain such a standard of good behavior that will entitle him to the good will and opinion of all the management, and we are satisfied that through his practice the record of this prison for good behavior will stand at the head of all institutions of its kind and the management is entitled to all praise for its introduction and enforcement."

"We find that the warden has had in view constantly two objects, namely, the welfare of the prisoners and the interest of the state, and it has been his highest duty to obtain both of these things. We find that it has been his constant study to make improvements in his management of the prison, and as a result of his unceasing labors and cares, he has attained for the prison standing we can well feel proud of, and incurred the good will and respect of all prisoners under sentence. No one visiting the southern prison can help but notice the habits of industry and cleanliness being taught the inmates. * * * We can not too highly commend the southern prison for its immaculate administration and the care with which all things are taken into consideration. The convicts all feel that in the warden and deputy warden they have a true friend, and that they do not have to grovel in the dirt of the past, but are taught to look into the future to which the warden is working everything in his power for their betterment. They are made to feel that while the mistakes in life are many and at times degrading and ruinous, the future holds of them a place among the honest intelligent men, carriers of usefulness and respect and good citizenship."

"If any prisoner receives special privileges from Warden Hert it is because he has earned them, and not on account of any favoritism whatever. We anticipate for this prison a standard not equaled in any other state. The spirit of success is not only in the minds of the administration, but in the hearts of all confined there. The board of directors made no mistake in selecting Mr. A. T. Hert for this responsible position and we wish to commend them."

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

SOME FIGURES.

TAKEN FROM UNCLE SAM'S LATEST STATISTICS.

Facts Showing How Various Government Affairs Affect Each of Us.

In 1896 the population, according to the abstract, reached 71,263,000. The amount of money of the United States was \$32.86 per each person, man, woman or child. Of this, the per capita, in circulation was \$21.10. These are the official figures of the Treasury. The per capita amount of money in 1857 was \$20.11, and the circulation was \$18.28.

The national debt is now \$13.41 for each individual. In 1857 it was \$69.26. The present per capita is not the lowest. In 1893 the debt was \$12.56. The interest on this public debt is now 49c. per capita. In 1857 it was \$3.84.

The receipts of the government from the tariff, the taxes on whisky, beer and tobacco, and from all sources are now \$4.59 annually for each person. In 1857 they were \$13.55. When people talk about "war taxes" they have in mind the revenue that had to be raised in the 60s.

The expenditures of the government last year were \$4.94 per individual. In 1857 they were \$9.87. The change has been gradual, nearly every year showing a reduction from its predecessor, until the 90s are reached. Expenditures in the past eight years have increased much faster than the population.

Pensions to old soldiers cost only 51c per capita in 1857. The amount was \$1.96 in 1896.

The production of gold and silver per capita by the United States for 1896 has not been worked out. For 1895 it was 67c of gold and \$1.03 of silver. In 1857 the per capita production of these metals in this country was \$1.43 gold and 37c silver. In 1874 the silver production first exceeded gold. For several years afterwards there were fluctuations in the comparative production. Sometimes gold was ahead, sometimes silver had the best of it. Since 1879 there has been no year in which the value of the silver production did not exceed the gold, although the bullion value of the silver dropped from 93 2c in 1878 to 50.6c in 1895.

The whisky and tobacco taxes are now \$2.06 per capita. In 1857 they were \$7.34.

The duties collected on imports—that is to say, the tariff taxes—are now \$2.20 per person. They were \$4.85 in 1857. Per capita enters into a comparison of the McKinley and the Wilson tariff rather interestingly. In 1892 the per capita tariff collected was \$2.66. That was the first year of the McKinley law. In 1893 the per capita was \$2.97. In 1894, partly under the McKinley and partly under the Wilson law, it was \$2.14 and in 1896; it was \$2.20.

The products sold by the United States to other countries in 1896 realized \$12.11 per person, and in 1857 they brought \$7.73.

The 71,263,000 people of the United States consumed per capita last year 18.46 pounds of cotton, 4.78 bushels of wheat, 14.73 bushels of corn, 62 pounds of sugar, 8.04 pounds of coffee, 1.31 pounds of tea, 1 gallon of whisky, 15.16 gallons of beer, one-fourth of a gallon of wine.

The consumption of whisky per person last year was less than in any year since a record has been kept—1870. The consumption of beer per capita was three times what it was in 1857. Up to 1880 the people of this country drank less than ten gallons of beer apiece annually.

The people eat less corn and more wheat than they did thirty years ago. They consume nearly three times as much sugar and 50 per cent more coffee. The consumption of sugar was only 24 pounds in 1857. The increase was steady up to 1894, when it reached 66 pounds per person.

In 1896 the post office patronage was \$1.16 per capita. In 1857 it was only 42c.

Expenditures for educational purposes increased from \$5.24 in 1870 to \$8.77 in 1895. This per capita is on the population between 5 and 18 years.

The deductions to be drawn from these per capita statistics are, in the main, congratulatory.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at W. F. Peter's drug store.

AN OPEN LETTER.

What Mrs. L. E. Bressie Says to American Women.

Speaks of Her Melancholy Condition After the Birth of Her Child.

"I feel as if I was doing an injustice to my suffering sisters if I did not tell what Lydia E. Pinkham's Vegetable Compound has done for me, and its worth to the world. "From the birth of my child until he was four years old, I was in poor health, but feeling convinced that half of the ailments of women were imagined or else cultivated, I fought against my bad feelings, until I was obliged to give up. My disease baffled the best doctors. "I was nervous, hysterical; my head ached with such a terrible burning sensation on the top, and felt as if a hand was drawn tightly above my brow; inflammation of the stomach, appetite, nausea at the sight of food, indigestion, constipation, bladder and kidney troubles, palpitation of the heart, attacks of melancholia would occur without any provocation whatsoever, numbness of the limbs, threatening paralysis, and loss of memory to such an extent that I feared aberration of the mind. "A friend advised Lydia E. Pinkham's Vegetable Compound, and spoke in glowing terms of what it had done for her. "I began its use and gained rapidly. Now I am a living advertisement of its merits. I had not used it a year when I was the envy of the whole town, for my rosy, dimpled, girlish looks and perfect health. "I recommend it to all women. I find a great advantage in being able to say, it is by a woman's hands this great boon is given to women. All honor to the name of Lydia E. Pinkham; wide success to the Vegetable Compound. "Yours in Health, Mrs. L. E. BRESSIE, Herculaneum, Jefferson Co., Mo."

The Mystery of the Pearl. The usual source of pearls found within the oyster appears to be the intrusion of some small foreign body which sets up an irritation of cuticle. The only means of defense open to the mollusk is to deposit a layer of nacre around the irritating particle and thus cut it off from the soft, tender skin. A grain of sand or a small crustacean may slip in between the lips, and, setting up irritation, provoke the cuticle to deposit around it a series of thin films of nacre. These are added to from time to time, the little nucleus is completely encased and a pearl is the result.—Ladies' Home Journal.

A GOOD LETTER.

From the Clerk of the Circuit Court.

FERNANDINA, Fla., Feb. 23, 1896

Mr. J. GEORGE SHERR, Druggist, City.

Dear George.—Please send for a bottle of Chamberlain's Cough Remedy. I would not feel easy if I knew there was none of this valuable Remedy in the house. I have given it a fair test and consider it one of the very best remedies for cough that I have ever found. One dose has always been sufficient although I use it freely. Any cold my children contract yields very readily to this medicine. I can conscientiously recommend it for croup and colds in children.

Yours Respectfully, Geo. E. WOLFE.

Sold by C. W. Milhous, Druggist.

Not in the Fare, But in the Train Service.

Is where you'll find the difference if you go to the inauguration over the Pennsylvania Short Lines. Low rate tickets on sale March 1st, 2d and 3d. For details apply to nearest Pennsylvania line ticket agent, or address Geo. E. Rockwell, D. P. Agt., Indianapolis, Ind.

SENATE AND HOUSE.

Little Accomplished in the Way of Definite Legislation.

TO ABOLISH COLORED SCHOOLS.

Jones' Bill to Open the Public Schools to White and Colored Children Alike Passes Second Reading.—The Senate Passed the Bill Regulating Mines. Hiram Brownlee Appointed Judge.

INDIANAPOLIS, Feb. 12.—The house Thursday passed the Roosevelt labor arbitration bill, a couple of bills paying paving claims and a couple of bills changing courts. Its afternoon was occupied with an exciting discussion on the color line and it adjourned with the Jones bill to abolish colored schools and open white schools to colored children pending on third reading.

The senate defeated the bill providing for a "probation officer" in each county, the pure drug bill and two minor road bills. It passed the following bills: Providing for annual representation upon the boards of trustees for state educational institutions; requiring mine bosses, bank bosses and hoisting engineers to have certificates of competency from the state mine inspector; changing the practice of disposing of real estate in cases on voluntary assignment.

ARBITRATION LAW.

Bill Which Seeks to Prevent Strikes and Adjust Labor Troubles.

INDIANAPOLIS, Feb. 12.—The Roosevelt labor arbitration bill passed the house Thursday by the heavy vote of 92 to 1. It provides for the appointment of two commissioners, who shall endeavor to conciliate all labor disputes. Where a labor dispute exists the commissioners are required to endeavor to get the parties to the dispute to submit it to arbitration. Then the commissioners and a circuit judge form a board of arbitration and adjudicate the difficulty. The bill involves an expense of \$600 per year for a clerk and \$10 per day for the commissioners when actually engaged in arbitration. Its main features are:

1. That the arbitration is voluntary. No one is compelled to go into it against his free will.

2. That while the judge of the circuit court is the presiding member of the board and directs the proceedings and decides on legal questions of practice and the admissibility of evidence, he has no more voice in the decision than any other arbitrator. His vote counts one, the same as the others.

3. But when the decision of the arbitrators has been made and recorded and any party to it refuses to obey it, the power of the court may be invoked to compel obedience.

4. This, however, is after notice to the party, and opportunity to give his reason. If he has any, he ought not to be required to obey the award. He is not in contempt of court until he has been heard, and his objections to the award have been overruled and he has disobeyed the order of the court based on the award.

5. If the parties refuse to arbitrate, the commissioners, with the aid of the attorney general or his deputy, are to investigate the facts and report to the governor. They are not authorized to pronounce any judgment on the merits of the controversy—only to find out and report the facts. The parties are then left to take their own course.

Brownlee Appointed Judge.

INDIANAPOLIS, Feb. 12.—Governor Mount Thursday signed the bill for a superior court for Howard and Grant counties and appointed Hon. Hiram Brownlee judge of the court.

Chattel Mortgage Sharks.

INDIANAPOLIS, Feb. 12.—The house judiciary committee Thursday decided to report favorably Mr. Spooner's bill directed against chattel mortgage sharks.

GENERAL STATE NEWS.

Juror Offered Money to Hang the Jury in the Crum-Evans Case.

MARION, Ind., Feb. 12.—The trial of John C. Evans and J. W. Crum for swindling Alfred Haines were resumed here yesterday. The case took a sensational turn through the development of evidence tending to show wholesale attempts to corrupt members of the jury discharged. Joseph Kem, who was subpoenaed as one of the special venire, was summoned before the prosecuting attorney and made affidavit that he had been approached by Grief Matthews in the interest of Crum and Evans, and offered \$500 if he would hang the jury. A warrant was issued for the arrest of Matthews.

State Encampment.

RICHMOND, Ind., Feb. 12.—The business men and citizens of Richmond are taking hold of the arrangements for the G. A. R. state encampment in a way to insure its success. A committee of 30 prominent business men, with Mayor Ostrander as chairman, has been appointed which will have charge of the affair, and the veterans will be handsomely entertained.

Knights of Pythias.

LAFORTE, Ind., Feb. 12.—The Knights of Pythias district convention of Newton, Jasper, Lake and Porter counties was held at Goodland yesterday. Several hundred Pythians were royally entertained. Chancellor Kolb and Frank Bowers of Indianapolis were present.

Violation of the Revenue Law.

HARTFORD CITY, Ind., Feb. 13.—A United States marshal from Fort Wayne came here and placed Adolph Wuchner, a prominent saloonkeeper, under arrest for violating the internal revenue laws. The prisoner was taken to Fort Wayne.

Isach on Trial.

BEDFORD, Ind., Feb. 12.—The trial of George Isach, who is alleged attempted to wreck the Baltimore and Ohio Southwestern train on Nov. 9, last, was begun here yesterday.

A few months ago, Mr. Byron Every, of Woodstock, Mich., was badly afflicted with rheumatism. His right leg was swollen the full length, causing him great suffering. He was advised to try Chamberlain's Pain Balm. The first bottle of it helped him considerably and the second bottle effected a cure. The 25 and 50 cent sizes are for sale by C. W. Milhous.

Marvelous Results.

From a letter written by Rev. J. Gundersman, of Dimmondale, Mich., we are permitted to make this extract. "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succeeding grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery it was quick in its work and highly satisfactory in results." Trial bottles free at W. F. Peter's drug store.

Canvassers Report Great Success in Sale of Tickets for the Library Benefit.

The library entertainment promises to be the greatest success of any public benefit for years. Canvassers are having great success in selling coupons. Such an entertainment as the one promised—a play which contains all the essentials necessary to an evening's enjoyment cannot be too well appreciated and encouraged by the public. It teaches all natures and dispositions; if you are humorous, come and laugh with the Dutch and Irish comedians, 'Hans,' and 'Dennis'; if you have a kindly feeling for the unfortunate, come and sympathize with the rejected daughter, the broken-hearted wife, the fallen cashier; if you like tragedy, come and witness the exciting death of Col. Wilbur. All these effects will be presented by home people and the talent represented, we have no doubt that it will be done successfully. Show your appreciation of their efforts, your interest in the library, your desire for a good entertainment by your patronage and early purchase of coupons from the canvassers.

CITY COUNCIL.

A LONG AND INTERESTING SESSION

LAST NIGHT.

Report of Auditing Committee Received.

Street Improvement Remonstrators Given a Respectful Hearing.—Resignation of City Treasurer.—Miscellaneous Business.

The council met in regular session last night with Mayor Balsey in the chair and all councilmen present.

After the reading and adoption of the minutes of the previous meeting Chairman Miller, of the finance committee, handed in the report of T. S. Blish and H. C. Johnson, who were appointed to audit the books of the treasurer. The report shows a very careful examination of the records and reveals a healthy condition of the city treasury. A summary of the report, showing the receipts and expenditures of the city treasurer from Sept. 3rd, 1894, to Feb. 6, 1897, is given below.

RECEIPTS.

From preceding treasurer	\$ 5,303.92
Current tax	48,644.54
Delinquent tax	2,771.51
Liquor license	11,875.00
Miscellaneous license	543.00
Miscellaneous collections	17.50
Winding streets	14.80
Mayor's fines	16.50
Sale of bonds and interest	35,837.97
Engine house notes and interest	708.00
Total	\$105,224.56

EXPENDITURES.

Street improvements	\$10,191.86
Incidentals and garbage	1,087.37
Police	1,151.40
Stationary and printing	402.03
Light	9,584.97
Water	12,250.35
Public buildings	7,460.72
Fire	1,351.28
Prisoners	95.30
Bonds redeemed	49,500.00
Bond interest paid	4,979.69
Rebate of taxes	99.45

Total	\$89,758.62

Balance forward 5,425.94
Plus the amount overpaid in by the treasurer in error 7.59
Total in treasury at the close of business, February 6, 1897. \$5,433.53

The report was accepted and made a part of the clerk's record.

Goodale of the fire committee said that the matter of exemption of members of department from payment of city taxes had been investigated and no irregularity was found unless in the case of Zimmerman whom he believed was entitled to exemption. A motion to exempt him and Jacob Frey prevailed.

Schwing of the grade committee reported progress in the matter of selling fire engines. Committee granted power to put engines in condition to sell.

City attorney Montgomery reported that he had examined the bill before the legislature granting powers to cities to purchase water works. He found some serious objections to the bill and had prepared one less cumbersome, designed to meet such conditions as exist in Seymour. The bill has been introduced in the Senate by Senator Schneck.

The treasurer's report for the month ending Jan. 31 was submitted showing a balance on hand of \$5,433.53.

The resignation of City Treasurer Reynolds was read and on motion was accepted. Before the vote was taken remarks reflecting credit on Mr. Reynolds were made by Dr. Shields and Mayor Balsey.

A remonstrance against the proposed improvement signed by sixty-six property owners along the proposed line of improvement was presented by Charles Miles. He made an earnest appeal to the council not to enter into any contract for expensive improvements at this time.

The remonstrance was read, together with the names of those who signed it. Further remarks in behalf of the remonstrators were made by Dr. J. M. Shields, Peter Platter, Dr. V. H. Monroe and Jacob Frey. The remonstrance together with a petition by 200 or 300 citizens was referred to the improvement committee and the city attorney.

Claims to the amount of \$239.99 were allowed.

The chief of fire department reported the names of firemen in good standing. Burkley handed up the following ordinances:

To pave with brick Cincinnati avenue between Chestnut and Ewing streets.

To pave Second street between Indianapolis avenue and Ewing street.

To pave Chestnut street between Second and Third streets.

Each of the four ordinances were read the first time.

A resolution was introduced by Goodale authorizing the mayor to appoint a committee to look after matters before the legislature relative to the interest of Seymour. More expenses of committee to be paid by the city. Resolution adopted.

Price introduced several resolutions calling for side-walk improvements. On motion of Dr. Shields the city attorney was instructed to draft an ordinance for the improvement of a portion

tion of the sidewalk on the south side of Third street between Ewing and Indianapolis avenue.

An ordinance introduced by Thompson prohibiting contests in wrestling and boxing when a fee is charged for admission, or any reward to be given to the winner, and prescribing penalties and declaring an emergency.

The rules were suspended and the ordinance passed to second reading and then put on its passage. Adopted by a vote of 8 to 2.

Under miscellaneous business the recommendations of Messrs. Blish and Johnson relative to an investigation of tax duplicate in 1894 and 1895 was referred to finance committee with power to act.

T. S. Blish and H. C. Johnson were allowed \$75 each for auditing the books, papers and accounts of city treasurer.

Most of the councilmen asked for some improvements of foot crossings and sidewalks, which the street commissioner was directed to do.

Council adjourned to meet to night in special session to select a city treasurer to succeed W. G. Reynolds, resigned.

The "Hero Tramp" Sent to the Pen for Six Years.

George Ibach, for attempting to wreck Baltimore & Southwestern passenger train, near Mitchell the night of November 16, was given a six-year sentence in the penitentiary yesterday afternoon at Bedford. The case of Ibach who is known as "the hero tramp," has attracted widespread interest, he having weakened after placing obstructions on the track, shot himself in the leg and flagged the train. He was picked up by the trainmen, and confessed that he was one of a gang who were to hold up the train, but his alleged accomplices could not be located.

Mr. Ward L. Smith, of Fredericks-town, Mo., was troubled with chronic diarrhoea for over thirty years. He has become fully satisfied that if it was only a question of a short time until he would have to give up. He had been treated by some of the best physicians in Europe and America but got no permanent relief. One day he picked up a newspaper and chanced to read an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He got a bottle of it, the first dose helped him and its continued use cured him. For sale by C. W. Milhous, Druggist.

As the Twig is Bent

so the tree will grow. The early lessons of childhood leave a lasting impression. As the home is the true sphere of woman, she cannot begin too young to acquire the art of taking care of it. One of the most helpful lessons she can learn is that

SANTA CLAUS SOAP

is not only the most efficient means of keeping things clean, but the most economical as well. Whether used for washing clothes or cleaning house it proves its worth beyond question. It's never too late for a woman to learn the Santa Claus lesson. Sold everywhere.
